

THE MAINTENANCE COORDINATOR SYSTEM

REMOTE SERVICE REQUESTS MODULE OVERVIEW

Simplicity Software Technologies Inc.

Remote Service Requests

- Value added Maintenance Coordinator Add-on.
- Single License allows world wide, unlimited users.
- Economical alternative to using the Internet.
- Contains its own install, Maintenance Coordinator does not need to be present.
- Very easy to use, single screen main interface.
- Gives the requester complete, automatic feedback about the status of their work requests.
- And more.
