- Replace existing files.

Revision History

8.0.0.0 (02-MAR-15)
- New Version Released

8.0.0.1 (03-APR-15)
- Made various minor fixes throughout the application.

8.0.0.2 (12-APR-15)
- Updated the Upgrade Utility to include Rich Text Documents from Notes and Documents. Also included most of the Quick Entry fields.
- Repaired a connection error when accessing the Equipment and Assets module.
- Fixed a problem saving Look and Feel settings.
- Added a 'Fix Connection Problems" link to the connections dialog.

8.0.0.3 (18-MAY-15)
- Fixed a problem when adding new employees in the Employees module.
- Fixed the Employees Reference Routines.
- Fixed a Concurrency Violation error with the Delete Command in the Scheduler.
- Added a way to change the Creation Date by right-mouse click on a work order in the Scheduler's Lookup grid.

8.0.0.4 (10-JUN-15)
- Fixed a problem with regenerating 'Generate New When Done' types of PMs.
- Fixed a problem with saving estimated down time in the Work Requests module.

8.0.1.0 (18-AUG-15)
- Added a feature to open and save multiple database connections configurations as available in Maintenance Coordinator, including switching configuration from the main startup menu.
- Fixed a problem with creating new databases.
- Modified the Import/Export module to work better with PM Coordinator and not default to Maintenance Coordinator type features.
- Added access to the upgrade utility and upgrade help from the application's main menu (Help).
- Fixed a problem with not setting the 'Generated' flag with some of the regenerated work orders.

8.0.1.1 (28-AUG-15)
- Fixed a problem setting work orders as generated.

PM Coordinator – SQL SERVERS EXPRESS REVISIONS

8x

8.0.1.2 (23-MAY-16)

- Fixed a problem with the 'Print Preview' Export option locking up the application from any module. Added a new 'Check and Install Updates and Patches' routine in the main menu, Help menu. This allows checking for updates. If new updates are found they can be applied by clicking a single button.
- Changed the Scheduler's Lookup Grid to show actual employee names in place of just unique id when the grid is customized and showing Work Assignments.
- Duplicated the above fix for the Work Requests Lookup grid also.
